

TELL IT IN VIDEO!

ESC official list of requirements for video contributions for

storyflix

CHOOSE A STORY

Take a look at the themes/stories we have planned for future rounds.

Find the one that feels it is yours.

Prepare your performance (max 15 minutes).

PREPARE IT FOR THE CAMERA

Telling for video is not like telling a live audience.

Consider the medium: what magic can you do in a 16:9 frame?

Practise telling your tale while looking into the lens.

PREPARE YOUR "SET"

Choose a neutral, non-distracting background.

Check you have enough light on your face. No dark shadows!

Record only when you have peace and quiet: no noise from outside!

CHECK YOUR GEAR

Check that your video is in **16:9 ratio** and in **HD quality (1920x1080)**.

Please do not use 4K.

Check that you have a **good microphone**.

Always **use a tripod**.

We don't ask you to buy expensive professional equipment but a built-in laptop camera and mic will not be good enough.

See Recording tips for further help.

SWITCH TO LANDSCAPE AND CLAP YOUR HANDS!

We cannot accept videos recorded in portrait format (vertically).

Clap your hands once visibly and loudly before telling your story.

(Read why this helps if the audio goes out of sync.)

RECORD 30 SECONDS OF YOUR STORY

Show us what you can do! Send us a sample!

MAKE IT OFFICIAL

Download and fill the Letter of Agreement and send it to us together with your great work!

Please respect our deadlines: we cannot accept late submissions.
